

# Oak classroom news!

## What we are learning...

**Science:** We have lots of exciting science to investigate this half term. We will finish our topic on evolution and inheritance before moving onto classification. We will also be finding out about some significant scientists, researching their world-changing work and discoveries.

**English:** This term we are going to be thinking about the things that matter to us and how we can be global citizens. This will involve us writing a persuasive letter in a bid to improve our world. Nearer Christmas, we will be doing some work around Dicken's 'A Christmas Carol.'

**Maths:** Our maths learning for most of this half term will be fractions. We will be finding out how to add, subtract, multiply and divide fractions. We will then move onto geometry - learning how to do translations and reflections on all four quadrants.

November already! We have a busy half term planned as we head towards Christmas, full of new learning and discoveries. The children have made a great start to the year and continue to impress us with their maturity and positive attitudes. Please don't hesitate to get in touch if you have any queries or questions at: [r.cameron@kf.starmat.uk](mailto:r.cameron@kf.starmat.uk)

## Dates for your diary...

Friday 15<sup>th</sup> November - Children in Need (wear non-uniform or dress as a superhero)

Friday 6<sup>th</sup> December 3.15pm - Christmas Fair

Friday 20<sup>th</sup> December 10am - KS2 Christmas Celebration  
3.15 pm Finish for Christmas

## Messages...

Children need to have their P.E. kits in school on Thursdays and Fridays.

Please support your child to practice their spellings and times tables at home.

Please encourage your child to read for at least 10 minutes every day.

If you have any felt or buttons that you don't need, please could you send them into school so we can use them for a Christmas DT project.
