

Live Learning @ Home

As more and more resources go online, we hope this overview will help direct you to the best live (or nearly live) learning as recommended by our staff. We have chosen to share the best from authors, illustrators, presenters and teaching professionals we have worked with over the years who are now providing online lessons. We hope this will complement the learning for each class and support you as parents by letting someone else take the lead for a while! Every bit of learning your child is doing, no matter how big or small, is appreciated by us all, so thank you.

Time	Live Learning
9:00	PE with Joe Wicks
9:30	Pie Corbett's Radioblog
9:30	Twinkl live phonics or catch up on their youtube channel
