## Keep Active!

- Challenge yourself. Can you make a safe obstacle course in your house or garden? How long does it take you to complete it? Can you improve your time?
- Continue to practice sending and receiving different objects using your hands and your feet. Rebound balls off walls or another willing participant! Introduce a bat or racquet. Develop your control taking care to adjust the direction and strength of your sending.
- Join in with [Joe Wicks](#) every morning at 9am for a thirty minute P.E. lesson. There are also shorter workouts available on his webpage.
- Practice your times tables using [supermovers](#).

## Art

- On Tuesdays and Thursdays children can create some great pictures with the help of [Rob Biddulph](#), a children's author. The two from last week are already on.
- Create your own African patterns on the Friday 2do.
- Could you design and make an African mask like the examples shown on the arty factory website? [Arty Factory](#)
- You may also want to explore this website to create some pencil drawings.

## Learning Project

Various activities covering the wider curriculum to be completed over the week.

Our activities this week mark Christian Aid week.

- **Be Active & Let's Wonder:** Go for a walk. Notice patterns in nature e.g. petals. How do you feel when you look at them? What questions do you want to ask about the patterns? Do they inspire you to want to make the world a better place?
- **Let's Create:** Can you make a Climate Change Chatterbox. Download or copy the design, follow the instructions and ask family members to pick a number. [Climate Change Chatterbox](#)
- **Time to Talk:** Are there ways in which you and your family can transform our world into a more beautiful and healthy place? What actions could you take? What actions do you already take?
- **Understanding Others and Appreciating Differences:** Read about Onesmus and the journey he has to collect water each day on the children's activity sheet. There are also some fun games that you can carry out by downloading the sheet from [Christian Aid](#)
- **Reflect:** On the above link, you can also download a Letters for Creation resource pack. This includes a collective worship and activities exploring this year's theme of Climate Justice.

The 2do activities on Purple Mash will become accessible to children on different days - similar to how the learning would take place in school. Some phonics and handwriting activities have been set as 2dos on Purple Mash for those children who still need to practice these.

The Radio Times have also put a list together of daily online 'lessons' at [Kids online school timetable](#)
