

HOME LEARNING: WILLOW CLASS

Summer Week 8 : Welcome To Rainbow Week

Hello Wonderful Willow Class and your lovely parents!

I hope you are all well and still enjoying our lovely sunny weather. From this week things will be a little bit different as some children are coming into school and some children will continue to do their home learning from home with their parents. So that all of the children from Willow Class can enjoy the same learning activities (just like you would do if you were all in school) the learning activities both in school and on the home learning will be very similar and will be based on the same theme - which for this week is The Rainbow Fish. As I will now be busy teaching in school every day, Miss Hendrickson has very kindly offered to plan the home learning for all of Year 1. So from this week I am going to ask your parents to send any emails about what you are doing at home to Miss Hendrickson for her to look at. I will still be having a sneaky peak at what you are doing but Miss Hendrickson will be replying to your parents.

I hope that you enjoy learning all about The Rainbow Fish but most of all I hope that you keep on smiling!

Take care Mrs Slater xx

Maths Tasks

- Daily numbots - Some of you have earned over 20,000 coins!! Keep going :)

This week we are going to be revisiting place value within 50. This is not new learning. Try your best to think back to when we were altogether in Willow and exploring this area of maths.

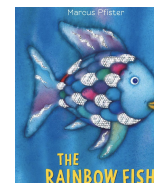

- Follow the free [White Rose Maths](#) scheme of work which we use in school. Year 1 - We are going to consolidate our knowledge of place value within 50. If 50 is too big, try numbers between 1-20 or 1-30. There are lots of different activities you can try.
- Watch this [BBC Bitesize video](#) to recap on place value.
- I have set lots of Place Value 2dos on [Purple Mash](#).
- Try this [place value activity](#). Use the dienes to represent the numbers given.
- There are lots of place value related worksheets available from [Twinkl](#). Don't jump ahead to partitioning just yet.
- Can you ask a grown up to give you a number between 1 and 50? Can you use the dienes from the activity above to represent that number? How many tens does your number have? And how many ones? If it's easier, split your piece of paper into two columns. Tens on the left and ones on the right.

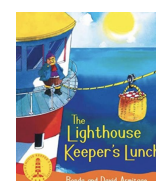

- There are daily maths lessons on [BBC Bitesize](#), exploring different areas of maths. Have a go

Reading Tasks

- Read to a grown up everyday - There are some fantastic themed reading books available on [Oxford Owl's E-Library](#). How many books can you read this week?
- Listen to ['The Rainbow Fish'](#) by Marcus Pfister. What is this story about? What words can you hear in the story that describes what the fish looks like?

- In Year 1 you need to practise 'retrieving' (find or extract) information from a piece of text. Can you have a go at answering these questions once you have listened to The Rainbow Fish? Remember you can always go back and listen again to find the answer.
 - How did giving some of his shiny scales away make the rainbow fish feel?
 - Who lived in the deep cave?
 - Did the rainbow fish have more friends at the end of the story than he did at the beginning? Why?
- Remember to write your answer in a sentence.
- Listen to ['The Lighthouse Keeper's Lunch'](#) By Ronda and David Armitage. There are lots of interesting words in the story (e.g. brazen, ingenious, consolingly). Can you find any words that you don't know and find out what they mean?

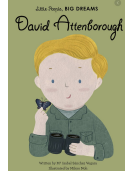

and try you best!

By the end of Year 1 you need to be confident counting forwards and backwards in 2's, 5's and 10's - Can you skip while counting in 2's, 5's and 10's?

- Daily counting in 2's, 5's and 10's - Count with [John Farnworth](#).

This week, Miss Hendrickson and her daughter Darcey, have been reading all about different women who have helped save the planet. Darcey really enjoyed reading about Jane Goodall. We have also been reading about David Attenborough. We have enjoyed watching his TV programme called 'The Blue Planet.' - Miss Hendrickson

Daily Phonics/Spelling Tasks

- Use the online phonics lessons to recap your phonics knowledge. Can you write a sentence using the words given? Can you think of another word with the same sound? Video uploaded everyday at 10am.
- Have a look at the Phonics PowerPoints on the school's website. Recap the sounds. Can you think of words that have those sounds in? Can you sound button those words and put them into a sentence?
- Think about the 'ear' sound family - look at the last slide on the powerpoint to remind you. How many words can you write for each spelling? Choose 5 words - write a sentence for each one.
- Complete this [spelling quiz](#) for the 'oi' sound family.

Weekly Spellings - Year 1

This week for our spellings, the focus is contractions. Watch this [short video](#) to help you understand further. This can be tricky so try your best!

don't
he's
it's
I've
I'm
I'll
let's
we're

Remember to ask an adult to test you on them at the end of the week.

These are words that we use a lot in our reading and writing. Remember to write each word in a sentence to make sure that you understand its meaning.

Writing Tasks

- We are told that The Rainbow fish scales 'shimmer'. Can you think of any other adjectives that could be used to describe the scales?

- The Rainbow Fish has lots of beautiful colours on his scales, blue, green and purple. Can you think of other names for those colours? (lilac, lavender, violet, teal, navy, turquoise, ocean blue, sea green). Can you include these in your writing?
- Can you write a story about a different 'rainbow' animal? This could be a story about a Rainbow Bird, a Rainbow Butterfly or a Rainbow Chameleon. What might happen to them? What do they look like? What adjectives would you use to describe them?
- Listen to ['The lighthouse keepers lunch'](#) again. Can you design a plan to fool those pesky seagulls? Can you design and describe a disgusting sandwich that would fend the seagulls away?
- Can you write a set of instructions that teach someone how to make a delicious sandwich for Mr Grinling's lunch? Don't forget your imperative (bossy) verbs.
- Remember to use capital letters, full stops and **adjectives** in your writing. Use your spelling mat to help you spell tricky words correctly.
- This is the [handwriting](#) scheme we follow at school. Try to do some handwriting practice weekly. Practise writing the letters of the alphabet - we start all our letters from the line.

Keep Active!

Mindfulness

- Join in with [Joe Wicks](#) every morning at 9am for #PEwithJOE
- [Jump Start Jonny](#) free workouts every morning at 9am.
- Have a go at [Anna's Frozen Game](#). How long can you freeze for?
- Can you have a go at these [11](#) different exercises at home? Can you count along?
- Give your brain a break with [Move and Freeze](#).

- Can you create a [rainbow weaving fish](#)? Watch the video and see if you can follow along.

- Word searches are a great way to think and enjoy some quiet time. Have a go at this [under the sea](#) themed word search.
- Have a go at ['Under The Sea'](#) cosmic yoga!
- As Father's Day is soon approaching, can you make your Dad, Grandad, brother, cousin or uncle a Father's Day card?

Learning Project (Various activities covering the wider curriculum to be completed over the week)

Science/DT:

- Can you create a fact file all about fish? What do fish eat? What happens to fish in the winter?
- Can you find out how rainbows are made? What has to happen with the weather for a rainbow to appear?
- Can you [grow a rainbow](#)? You will need: kitchen roll, felt tip pens and water.

Art/Music:

- The children in school are creating a *Rainbow Banner* for their bubbles. Can you make a *Rainbow Banner* at home?
- Can you have a go at creating your own rainbow fish with materials you have at home?
- Can you have a go at making your own rainbow animal with materials you have at home?

Geography/Understanding the World :

- Can you explore and research animals that live in the different oceans we have? Are there any as beautiful or as colourful as the rainbow fish?
- Can you find a map / atlas to look for the locations of lighthouses in your local area. Where in North Yorkshire can you find a lighthouse?

RE/PSHE:

- Listen to ['The Colour Monster'](#) By Anna Llenas. In the story, colours are linked to some emotions. Yellow refers to happiness, red is for anger and blue is linked to sadness. Do you think the colours match the feelings? Can you tell me why?
- Can you think of other emotions and choose colours that might represent them (e.g. frustration, disgust, envy).

Computing:

- Y1 - Explore Purple Mash and see what you can create. You can also upload photos and your work onto your file which I can see.

Spread the Happiness - 100 things to do indoors - Can you tick off another 5 things off the list?

Don't forget to take photographs of some of the things you have made and ask your parents to email them to me at admin@kf.starmat.uk

We hope you are staying safe and finding the class page helpful to support your home learning. We are continuing to include a range of activities for you and your child to choose from, but please don't feel that you have to complete them all! It is important that you enjoy your family time together and do what you feel comfortable with.

-- Remember to check the 'Willow' Home Learning Suggestions' for plenty of other ideas to keep you busy! --

Most of all enjoy and keep smiling!
