

Welcome to Neptune!

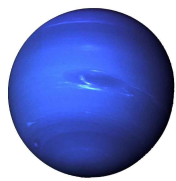

Hello year 5 and welcome to year 6!

Next year, each class will be named after a planet and we will be Neptune in the current year 6 classroom.

First of all I want to say a big well done! I have been working with Mr Symes for the past few weeks, as he has been in one of the year 6 bubbles, so I have heard all about the great learning you have done at home. He has been so proud of how well you have done since you had to leave school in March. I know it is not easy trying to stay motivated at home. It will be so exciting to see you all back in a classroom in September!

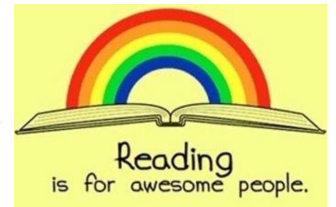

I was delighted to hear that I would be in year 6 again next year, as I have seen what a fabulous class you are on my visits to see some of your lessons. Year 6 is a really exciting year, with lots of things to look forward to. It is a really important year too, as you prepare for your SATS and take on lots more responsibilities. As soon as we come back in September, you will be able to apply to be head boy and head girl, team captains, librarians and other important roles.

Our first topic when you come back will be *The Great, the Bold and the Brave* and we will be finding out all about the amazing people who helped shape the world during the industrial revolution. Later on in the year, we will be investigating India, finding out about Ancient Egypt, taking a road trip around America and lots, lots more!

Over the summer, there are a couple of things you could do to make sure you hit year 6 ready to fly! If you know your multiplication and division facts really well, you will find the year 6 maths learning much easier, so keep practising your times tables. I will be checking in to Times Tables Rockstars over the summer to see how you are doing! The other thing that is key to being successful in all areas of your learning is reading. Read as much as you can! Not only does it help your learning but you find out lots of new knowledge about our amazing world.

I hope you are all looking forward to coming back in September. Don't worry if you are feeling a bit worried about returning to school after being away; you will get back into it very quickly once we are all together again!

Have a lovely summer and I will see you in September.
From Mrs Cameron
