

Welcome to our first week of home learning.

We have put together a selection of activities to keep you going over the next few days.

From Monday we will be sharing home learning on a daily basis. Each day there will be Maths, Writing, Phonics and Reading activities along with additional subjects which will change regularly. We will send a letter giving further details about the home learning on Monday. In the meantime, if you have any questions or queries please don't hesitate to contact us on admin@kf.starmat.uk.

Have a lovely weekend when it arrives!

Mrs Slater & Mrs Skelton

Maths Tasks	Writing Tasks
<p>Year 1 https://whiterosemaths.com/homelearning/year-1/week-11-number-place-value-within-20/ VIDEO NEEDED - Count one more one less Focus on one more/one less. Make number cards 0-20 and practise ordering and counting forwards and backwards from different numbers.</p> <ul style="list-style-type: none"> ● Start by comparing two numbers and complete sentences: <ul style="list-style-type: none"> ○ __ is more than __ ○ __ is less than __ ● Complete sentences: <ul style="list-style-type: none"> ○ __ is 1 more than __ ○ __ is 1 less than __ ● If this is very easy for you then complete sentences: <ul style="list-style-type: none"> ○ __ is 1 more than __ which is 1 more than __ ○ __ is 1 less than __ which is 1 less than __ 	<p>Can you write about what you did at Christmas?</p> <p>You could tell us about family traditions you have in your home or about what you got for Christmas.</p> <p>You could draw pictures of your decorations, presents or the food you ate.</p> <p>Start your sentences with a capital letter and use a full stop to finish.</p> <p>Try to link your ideas together by using 'and' or 'because' in your sentences.</p>
<p>Year 2 https://whiterosemaths.com/homelearning/year-2/week-6-number-addition-subtraction/ VIDEO NEEDED - Add and subtract 1s</p> <ul style="list-style-type: none"> ● Complete the attached worksheet 	
Phonics Tasks	Reading Tasks
<ul style="list-style-type: none"> ● Phonics Play has been made available for home learning FREE of charge with the following log in details: <ul style="list-style-type: none"> ○ Username: jan21 ○ Password: home ○ The children have been taught phases 2,3,4 and 5 in school but start at phase 3 if reading has been infrequent over christmas and work up to phase 5 when the cogs have warmed up! ● Teach Your Monster To Read is another free resource to support phonics. <ul style="list-style-type: none"> ○ https://www.teachyourmonstertoread.com/ 	<ul style="list-style-type: none"> ● Remember to read with an adult every day. ● Visit Oxford Owl for free eBooks, you can choose books linked to different topics. ● Can you read along to the Rainbow Fish story. Do you think the Rainbow Fish was a kind fish? How do you think he made the other fish feel?
Keep Active!	Mindfulness

- Can you sing along and learn the Makaton for the [Music Man](#).
- Joe Wicks is starting his exercise sessions again on certain days but you can access one of the ones he did in March here: [PE with Joe Wicks](#)

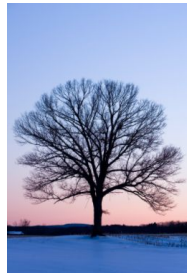

- Find a quiet space and do '[Squish the fish](#)' Cosmic Yoga.
- Think about what you would like to get better at doing in 2021. Draw and cut out a star to write your New Years Resolution on.

New Year's Resolution Stars

Science

- In science we are thinking about the seasons and how the weather changes in different seasons. Which season are we in now? Can you write some sentences to describe the weather today?

- Can you draw a winter tree using pencil or charcoal?

On your daily walk, take some time to look at the trees. Maybe a grown up can take photos for you to look at later to help you. Look at colour of the trees, what do you notice about the branches and leaves?

- Whilst the weather is so cold and icy, can you make some ice plaques?

Collect leaves, berries and twigs and arrange them in shallow trays or paper plates. Pour water over and leave them overnight when the forecast is for the temperature to go below zero. In the morning, tap the ice plaques out of their trays and hang them on fences and trees to watch them thaw over the course of the day.

Other Learning Ideas

<https://play.numbots.com/> Number fluency games. The challenge levels can be accessed once your child reaches level 80. Log ins were sent out before Christmas for Numbots. Please contact the office if you have any difficulty logging on the Numbots.

<http://www.pobble365.com/> This website posts one picture each day and provides questions prompts and a story starter.
