

Below, you will find a range of websites, resources and activity ideas that you can use to enrich the home learning that is being set. This will be updated every couple of weeks and re-sent with new additions.

Please do not feel that you need to be doing additional learning at home, on top of the home learning from their teacher, if you don't feel it is needed. These ideas are just suggestions for those children who need additional activities to stay busy.

BBC Bitesize are dedicating the mornings on CBBC to a variety of home learning. These are great to use if your child can't always have access to a device, or just needs a change from online learning. Here is this week's time table:
