

Instructions

How to make a Chinese Dragon Puppet

You will need:

- Dragon head and tail template
- A strip of red paper
- Glue
- Lolly sticks
- Tissue paper
- Scissors
- Crayons or colouring pencils
- Tape

First colour in the dragon head, tail and feet.

Next slowly cut out each piece and carefully follow the black lines.

Then fold the paper using a zig zag or concertina fold.

Next fold the head in half and glue on to one end of the zig zag strip. Add coloured paper for flames if you want to.

After that fold the tail in half and glue it onto the other end of the zig zag strip.

Then tape the lolly sticks on to the zig zag paper and glue the feet on top.

Finally try out your Chinese Dragon Puppet and make up your own dragon dance.
