### The Blue Moon

One day a bluebird looked up and saw the moon. He flew up to the moon but it was too high. The bluebird saw the moon was smooth and felt gloomy.

He flew back up to the moon again but then a huge wind blew him back down again.

Then along came a cute baboon who said you need a balloon to fly up to the moon.

So the gloomy bluebird went to a shop and got a huge new balloon. He took the cute baboon and flew all the way to the huge moon. The wind blew and they flew high on the balloon.
