		<p>forty- seven</p>	<p>thirty- three</p>

Teacher notes

Children will cut and shuffle the cards. They will pick card at random and place it in the number column. They will write one more and one less than the number.

Children may complete multiple tables.

Developing

Children will use cards that contain only numbers.
Children may only be able to write the answers in numbers.

one less	number	one more
14	15	16
25	26	27
39	40	41

Secure

Children will use cards with a mixture of numbers and words.
Children can either write the answers in numbers or words.

one less	number	one more
fourteen	fifteen	sixteen
25	26	27
thirty-nine	forty	forty-one

Mastery

Children will use the cards with a mixture of words and pictorial representations requiring them to identify the represented number.
Children may write their answers in words or represent the number using pictorial representations.

one less	number	one more
fourteen		sixteen
twenty-five		twenty-seven
thirty-nine	forty	forty-one
