What we are learning...

Topic: In Spring 1, we have a fascinating new topic— How far away is the moon? We are embracing our inner scientists with our learning. It is British Science Week w/c: 14.3.22. We will be completing exciting experiments to fill us with awe and wonder! Please can you support this topic by widening your reading with fiction and non-fiction about space. We can recommend lots of amazing titles.

Literacy: Our writing is really coming along. The children are beginning to show lots of confidence in using their phonics to build their sentences. We have nearly completed all of Phase 3 and will be revising these sounds. To do this we are writing space stories, instructions to build a rocket and describing aliens.

Maths: Our mathematicians are now becoming confident in numbers to 10. This half term we will be counting back from 10, comparing numbers to 10 and making number bonds within 10. Can you spot any maths opportunities at home?
