WELCOME TO YEAR 3...

...and to Spike Milligan Class!

We've already started reading some of our class poet's most famous poems. Here's our favourite so far:

*Today I saw a little worm
Wriggling on his belly.
Perhaps he'd like to come inside
And see what's on the Telly.*

What we are learning...

TOPIC

We have a geography focus this term and our topic is based on the question "*What do Church Fenton and York have in common?*"

Drawing on our own experiences and using maps - including Google Maps - we will be learning about rivers, settlement types, population and land use.

ENGLISH

In addition to our poetry focus, we will also be writing a narrative about friendship, followed by a set of instructions about how to grow a strong mind.

MATHS

We'll focus on place value, addition and subtraction.

In the second half of each week, we'll look at length and perimeter.

SCIENCE

We'll be learning all about light and shadows.

Our key scientist is Ibn al-Haytham, or "Alhazen".
