Milligan Class News - Spring 2

What we are learning...

We have lots of great learning planned for this half term...

English: This half term, we will be writing contrasting setting descriptions using the book 'Escape from Pompeii' as our inspiration. We will then move on to writing Explanation texts. We will use our Science learning about Rocks from last half term as our focus.

Maths: This half term, we will be starting with division. We will then move on to our Fractions unit. Please continue to reinforce x tables at home as they are a key part of Maths learning.

Science: This half term, we will be learning about Forces and magnets. Our key scientists are John McAdam and Sir Isaac Newton..

RE: This half term we will be thinking about festivals and why they are important to religious communities today. We will focus on Easter.

Geography: We will be continuing to develop our map and atlas skills ensuring that we are accurate when using them both.
